Dear Mr. Grieb:

As discussed in a letter dated June 30, 2020, (Agencywide Document Access and Management System Accession No. ML20182A188), the Nuclear Regulatory Commission (NRC) planned to perform an inspection of C&D Technologies (C&D) to review the implementation of C&D's quality assurance program in accordance with Title 10 of the *Code of Federal Regulations* (10 CFR) Part 50, Appendix B and 10 CFR Part 21. The letter discussed a preliminary schedule for the inspection. The NRC inspection team planned to arrive at your facility in Blue Bell, Pennsylvania on Monday, July 27, 2020, and conduct the inspection through Thursday, July 30, 2020. Due to the ongoing pandemic associated with the Corona virus, the NRC has decided to postpone the inspection at this time. The NRC will contact you within the next few weeks to reschedule the inspection.

Please contact Mr. Jonathan Ortega-Luciano; you may contact him at (301) 415-1159 or via electronic mail at Jonathan.Ortega-Luciano@nrc.gov, if you have any questions or need assistance regarding this matter.

Sincerely,
