Gentlemen:

Consistent with your request of April 11, 1986, enclosed is a copy of the supporting fee documentation for Invoice No. E0495 dated March 12, 1986. This invoice was for \$42,995 for the WNP-3 operating license review for the period from December 23, 1984 through June 22, 1985. You will note that the 2.8 hours (\$174) for ACRS review was for WNP-2 rather than WNP-3. Our records have already been documented to give you credit for \$174 on the next invoice we issue for WNP-3 for the billing cycle which ended on December 21, 1985.

We hope that this information is sufficient for your needs.

Sincerely,

Original Signed by:
