Mr. Charles E. MacDonald
Chief, Transportation Certification Branch
Division of Fuel Cycle and Material Safety
Office of Nuclear Material and Safeguards
U. S. Nuclear Regulatory Commission
Washington, DC 20555

Dear Mr. MacDonald:

We request renewal of U.S.N.R.C. Certificate of Compliance 9149 issued for Tech/Ops Model 910 Type B(U) Package (Package Identification Number USA/9149/B(U)). We are enclosing a check for \$150.00 as the application fee for this renewal.

As the International Atomic Energy Agency Certificate of Competent Authority and the Canadian Endorsement for this package are coterminous with the U.S.N.R.C. Certificate of Compliance, we request this renewal be issued as expeditiously as possible in order to afford us sufficient time to obtain renewals of these other certificates.

We trust this contains the information necessary to support our request. If we can provide additional information, please contact us.

Sincerely,

Cathleen Roughan
