November 22, 1978

Our order of November 9, 1978, scheduling oral argument of the staff's appeal for December 6th, described the question presented in terms of the Commission's authority to impose the water quality monitoring condition rejected by the Board below. In addition, we wish counsel to be prepared to discuss in detail at that argument, (1) the basis for proposing the condition and (2) the consequences that will follow if it is not imposed.
