

MEMORANDUM FOR: Harold R. Denton, Director
Office of Nuclear Reactor Regulation

FROM: Themis P. Speis, Director
Division of Safety Review and Oversight

SUBJECT: COMPLETION OF GENERIC ISSUE III.D.2.3-ISSUANCE OF
ESRP 7.1.1

On August 28, 1985, NRR issued a memorandum to W. Dircks advising the EDO of our completion of Generic Issue III.D.2.3 - "Liquid Pathway Studies," and our intent to issue Environmental Standard Review Plan 7.1.1 entitled "Environmental Impacts of Postulated Accidents Involving Radioactive Materials - Releases to Groundwater." This ESRP was printed in November 1985 as NUREG-1165 and a copy is attached. We have prepared the attached memorandum for your signature to transmit a Federal Register notice of issuance of this ESRP.

Original signed by:
Brian W. Sharon

for Themis P. Speis, Director
Division of Safety Review and Oversight
