DOCKET NUMBER 20
PROPOSED FILE 53FR32914

OCT 24 10:47

OFFICE OF THE
DOCKET SERVICE
BRANCH

13

Dear Secretary,

I Totally oppose the proposal put forth by the NRC to permit on-site incineration of radioactive waste oil. In ^{S.E.} Pennsylvania we are already exposed to routine emissions of radiation from Limeick. We don't want these emissions, let alone any additions from burning the waste oil.

We want the world to be safe for the next generation.

Thank you

Mary Bize
