## SAFEGUARDS INFORMATION

Houston Lighting & Power Company  
ATTN: J. H. Goldberg, Group Vice  
President, Nuclear  
P. O. Box 1700  
Houston, Texas 77001

Gentlemen:

This refers to the inspection conducted by Mr. J. A. F. Kelly of this office, accompanied by Mr. D. A. Huff, during the period January 20-23, 1987, of activities authorized by NRC Construction Permits CPPR-128 and CPPR-129 for South Texas Project, and to the discussion of our findings with members of your staff at the conclusion of the inspection.

Areas examined during the inspection included the proposed policies, security plans, implementing procedures, and systems for the protection of the fuel, and for operation of the facility. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the NRC inspectors. The inspection findings are documented in the enclosed inspection report.

Within the scope of the inspection, no violations or deviations were identified.

We have also examined actions you have taken with regard to previously identified inspection findings. The status of these items is identified in paragraph 2 of the enclosed report.

The material enclosed herewith contains Safeguards Information as defined by 10 CFR Part 73.21 and its disclosure to unauthorized individuals is prohibited by Section 147 of the Atomic Energy Act of 1954, as amended. Therefore, the material, with the exception of the report cover page which is an inspection summary, will not be placed in the Public Document Room.

Should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

Original Signed By

E. H. Johnson *for*
