Attention: Ms. Joy A. Marshall
Nuclear Materials Safety Section

Dear Ms. Marshall:

Pursuant to your letter dated April 22, 1986, we submit the additional information.

The door to the new storage area will be locked at all times. The nuclear gauge or gauges will be stored in the darkened portion of the storage area as shown on the general floor plan, attached. When the gauge or gauges are not in use they will be stored in previously approved storage containers that were moved into the new storage area. The nuclear gauge or gauges will be locked and stored in locked storage containers.

If you have any questions regarding this letter or if you need any additional information please let me know.

Sincerely,

CHEN & ASSOCIATES, INC.
