

SEP 29 1986

Docket No. 50-293

Boston Edison Company M/C Nuclear  
ATTN: Mr. James M. Lydon  
Chief Operating Officer  
800 Boylston Street  
Boston, Massachusetts 02199

Subject: Pilgrim Emergency Preparedness Exercise

Dear Sir:

This letter is to confirm our phone conversation on September 22, 1986 with Mr. Lee Oxsen of your staff. We support your request to postpone the October 23 exercise as requested in your letter of September 18, 1986. We concur that the postponement of the exercise will be beneficial. As discussed during the telephone conversation, December 10, 1986 is an acceptable date for rescheduling the exercise.

Region I plans to participate as a player in your exercise. This NRC involvement will be in addition to, and completely separate from, the normal NRC inspection team which will evaluate your performance. My staff will be in contact with your organization to facilitate arrangements in the near future.

If there are any questions, please contact Mr. William Lazarus (215-337-5208) of my staff.

Sincerely,

Original Signed By:

Thomas T. Martin, Director  
Division of Radiation Safety  
and Safeguards
