Dear Ms. Ellis:

Pursuant to your request, we are enclosing a copy of the two tapes made during the January 10, 1985, NRC Technical Review Team's tour of the Comanche Peak Steam Electric Station with Henry and Darlene Stiner. In February 1985, we sent you a transcript of those tapes. Since that time, we have reviewed the tapes again and noticed that side B of one of the tapes had not been transcribed. Both tapes have been transcribed completely now, and a complete transcript is attached for your information.

We are sending a copy of the tapes and the transcript to the Stiners also.

If you have any questions regarding either the tapes or the transcript, please call me collect on (301) 492-7903.

Sincerely,

Vincent S. Noonan, Director  
Comanche Peak Project
