'88 JUL 19 P5:37

MEMORANDUM FOR: Sherwin Turk, Senior Supervisory
Trial Attorney
Office of General Counsel

OFFICE OF SECRETARY
DOCKETING & SERVICE
BRANCH

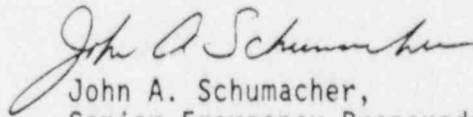

FROM: John A. Schumacher, Senior Emergency
Preparedness Specialist, Region I

SUBJECT: Recollection of the July 30, 1987 Regional Assistance
Committee (RAC) meeting concerning the Seabrook Beach
Population

My recollection of the Seabrook Beach Population issue which was
discussed at the July 30, 1987 RAC meeting is as follows:

It was clear to me from the discussions that took place, that the RAC
members were in disagreement with the RAC Chairman, Mr. Edward Thomas,
concerning the Seabrook beach population. Participating RAC members,
including Mr. Robert Bores, the NRC Region I RAC member for Seabrook
Station, believe that the New Hampshire Emergency Response Plan provides
provisions which adequately protect the Seabrook beach population in the
event of a radiological emergency at Seabrook Station. Mr. Thomas
disagreed with the RAC members and stated that further review and
discussion on this matter was necessary. To date, this matter has not
been further discussed by the RAC.

I can not recall the specific details of the disagreement between the RAC
members and the RAC Chairman as I did not retain my notes from the
meeting.

John A. Schumacher,
Senior Emergency Preparedness
Specialist
