Dear Ms. Puntenney:

This in partial response to your undated letter, that the NRC received on June 11, 1986, in which you requested, pursuant to the Freedom of Information Act (FOIA), all records regarding (1) Fermi 2 produced by INPO and NRC records to INPO, (2) security problems and violations since 1984, and (3) meetings on June 2-3, 1986, with Region III Staff and other parties.

Portions of documents 1 through 4 listed on the enclosed Appendix A contain budget allocations which the licensee considers confidential business (proprietary) information. This information is being withheld from public disclosure pursuant to Exemption (4) of the FOIA (5 U.S.C. 552(b)(4)) and 10 CFR 9.5(a)(4) of the Commission's regulations. We have asked the originators of this information to review their proprietary claim, and will let you know if the documents, or any portions thereof, may be disclosed to the public.

Certain information has been deleted from document 5 listed on Appendix A because it is not within the scope of the request.

Portions of document 6 listed on Appendix A have been deleted in order to withhold names of offenders. Because disclosure of this information would constitute a clearly unwarranted invasion of personal privacy, it is being withheld from public disclosure pursuant to Exemption (6) of the FOIA (5 U.S.C. 552(b)(6)) and 10 CFR 9.5(a)(6) of the Commission's regulations.

Pursuant to 10 CFR 9.9 of the Commission's regulations, it has been determined that the information withheld is exempt from production or disclosure, and that its production or disclosure is contrary to the public interest. The persons responsible for this denial are the undersigned and Mr. James G. Keppler, Regional Administrator, Region III.
