Mr. L. Mark Padovani, Project Manager
Project Directorate II-1
Division of Reactor Projects - I/II
Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Subject: REPLY TO REQUEST FOR WITHHOLDING INFORMATION FROM PUBLIC
DISCLOSURE, V. C. SUMMER NUCLEAR STATION

Dear Mr. Padovani:

In your letter to Mr. N. J. Liparulo of Westinghouse on July 16, 1998, you stated that some of the material in WCAP-14932, *Probabilistic and Economic Evaluation of Reactor Vessel Closure Head Penetration Integrity for Virgil C. Summer Nuclear Plant*, may be withheld in accordance with 10 CFR 2.790 but that certain other material should be released for placement in the Public Document Room (PDR). The WCAP-14932 material cited in your letter as not meeting the requirements of 10 CFR 2.790 included:

1. Table 4-3, Results of Probabilistic Analysis,
2. Table 4-5, Probability (%) of a Flaw With Depth = 0.75T in At Least One Penetration and
3. Figure 4-2, Failure Probability for V. C. Summer.

We would like to thank you for granting an additional 15 days for responding to your letter of July 16, 1998. Based upon the more thorough review allowed by this extension, we have concluded that the WCAP-14932 material cited above can be released as you requested. Keeping the detailed input and output for the VHPNPROF Program in Appendix A of WCAP-14932 as proprietary information should be sufficient to protect the program development.

These requested changes will be incorporated in Revision 1 of proprietary WCAP-14932 and Revision 1 of non-proprietary WCAP-14955, which will be provided to you by October 31, 1998, for placement in the PDR.

Very truly yours,

H. A. Sepp, Manager
Regulatory and Licensing Engineering

Proprietary Information Notice

PROPRIETARY INFORMATION NOTICE

Transmitted herewith are proprietary and/or non-proprietary versions of documents furnished to the NRC in connection with requests for generic and/or plant-specific review and approval.

In order to conform to the requirements of 10 CFR 2.790 of the Commission's regulations concerning the protection of proprietary information so submitted to the NRC, the information which is proprietary in the proprietary versions is contained within brackets, and where the proprietary information has been deleted in the non-proprietary versions, only the brackets remain (the information that was contained within the brackets in the proprietary versions having been deleted). The justification for claiming the information so designated as proprietary is indicated in both versions by means of lower case letters (a) through (f) contained within parentheses located as a superscript immediately following the brackets enclosing each item of information being identified as proprietary or in the margin opposite such information. These lower case letters refer to the types of information Westinghouse customarily holds in confidence identified in Sections (4)(ii)(a) through (4)(ii)(f) of the affidavit accompanying this transmittal pursuant to 10 CFR 2.790(b)(1).

COPYRIGHT NOTICE

The reports transmitted herewith each bear a Westinghouse copyright notice. The NRC is permitted to make the number of copies of the information contained in these reports which are necessary for its internal use in connection with generic and plant-specific reviews and approvals as well as the issuance, denial, amendment, transfer, renewal, modification, suspension, revocation, or violation of a license, permit, order, or regulation subject to the requirements of 10 CFR 2.790 regarding restrictions on public disclosure to the extent such information has been identified as proprietary by Westinghouse, copyright protection notwithstanding. With respect to the non-proprietary versions of these reports, the NRC is permitted to make the number of copies beyond those necessary for its internal use which are necessary in order to have one copy available for public viewing in the appropriate docket files in the public document room in Washington, DC and in local public document rooms as may be required by NRC regulations if the number of copies submitted is insufficient for this purpose. Copies made by the NRC must include the copyright notice in all instances and the proprietary notice if the original was identified as proprietary.
