PLANT VOGTLE - UNIT 1  
NRC DOCKET 50-424  
OPERATING LICENSE NPF-68  
REPLY TO A NOTICE OF VIOLATION

Gentlemen:

In accordance with the provisions of 10 CFR 2.201, Georgia Power Company (GPC) submits the enclosed information in response to NRC Inspection Report 50-424/88-29 which concerns the inspection conducted by Mr. A. Tillman and Ms. C. Perny of the NRC Region II staff on July 18-22, 1988. A copy of this response is being provided to the NRC Region II office for review.

We believe that the Notice of Violation for NRC Inspection Report 50-424/88-29 (as submitted by NRC Region II letter dated August 25, 1988) incorrectly refers to Plant Vogtle Unit 2 by docket number and as a result implies that it is in violation also. The Inspection Report "Details" section specifically identifies the violations as being applicable to Plant Vogtle Unit 1 by the violation designators "50-424/88-29-01," and "50-424/88-29-02".

In the enclosure, transcription of the NRC violation precedes the GPC response.

Should there be any questions in this regard, please contact this office at any time.

Sincerely,

*W. G. Hairston, III*
