

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D. C. 20555

October 11, 1988

Docket Nos. 50-295  
and 50-304

Mr. Henry E. Bliss  
Director of Nuclear Licensing  
Commonwealth Edison Company  
Post Office Box 767  
Chicago, Illinois, 60690

Dear Mr. Bliss:

SUBJECT: ZION 1 & 2 - MISCELLANEOUS SAFEGUARDS AMENDMENTS  
(TAC 65425 AND 65426)

The Commission has issued the enclosed Amendment No.113 to Facility Operating License No. DPR-39 and Amendment No.102 to Facility Operating License No. DPR-48 for the Zion Nuclear Power Station, Unit Nos. 1 and 2, respectively. The amendments modify paragraph 2.C(6) of the license to require compliance with the amended Physical Security Plan. This Plan was amended to conform to the requirements of 10 CFR 73.55. Consistent with the provisions of 10 CFR 73.55, search requirements must be implemented within 60 days and miscellaneous amendments within 180 days from the effective date of this amendment.

Our evaluation of the amendments to your Physical Security Plan for Zion Units 1 and 2 is contained in the enclosed Safeguards Evaluation Report. Based on this evaluation, we find that you meet the requirements of the Miscellaneous Amendments and Search Requirements revision to 10 CFR 73.55 and the recordkeeping requirements of 10 CFR 73.70.

We find that these amendments to your licenses are related solely to safeguards matters and do not involve any significant construction impacts. Accordingly, these amendments meet the eligibility criteria for categorical exclusion set forth in 10 CFR 51.22(c)(12). Pursuant to 10 CFR 51.22(b), no environmental impact statement or environmental assessment need be prepared in connection with the issuance of these amendments.

Based on the fact that these license amendments apply to the Physical Security Plan and incorporate into the licenses the latest requirements of your updated Physical Security Plan, we have concluded that there is reasonable assurance that the health and safety of the public will not be endangered by this action and that this action will be conducted in compliance with the Commission's regulation, and the issuance of these amendments will not be inimical to the common defense and security or to the health and safety of the public.

Your Physical Security Plan consists of Safeguards Information required to be protected from unauthorized disclosure in accordance with the provision of 10 CFR 73.21.

Notice of Issuance will be included in the Commission's biweekly Federal Register Notice.

Sincerely,

Jan A. Norris, Senior Project Manager  
Project Directorate III-2  
Division of Reactor Projects III  
IV, V and Special Projects

Enclosure:

1. Amendment No. 113 to DPR-39
2. Amendment No. 102 to DPR-48
3. Safety Evaluation

cc: w/enclosures
