SUBJECT: Waterford SES Unit Number 3
Docket No. 50-382
Basemat Monitoring Program
Special Report Number 2

Gentlemen:

The Waterford Steam Electric Station - Unit Number 3 Basemat Monitoring Program Special Report Number 2 is being provided for your information.

The report documents the continued integrity of the basemat as verified by the program from time of inception of the monitoring in 1985 through August, 1988. The monitoring program is required by Technical Specification 6.8.4.e.

If you have any questions regarding the attached report or require additional information, please contact me.

Yours very truly,

R.F. Burski
Manager
