

UNITED STATES
NUCLEAR REGULATORY COMMISSION
ADVISORY COMMITTEE ON REACTOR SAFEGUARDS
WASHINGTON, D. C. 20555

April 21, 1982

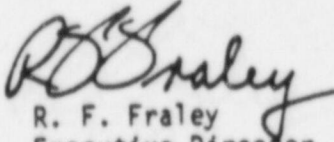

Mr. Philip A. Crane
Pacific Gas and Electric Company
77 Beale Street
San Francisco, CA 94106

Dear Mr. Crane:

This is to acknowledge your letter of April 6, 1982 addressed to Dr. Paul G. Shewmon, Chairman, Advisory Committee on Reactor Safeguards. The ACRS Subcommittee on Diablo Canyon has been and is being kept informed regarding the audit and reevaluation of the seismic design of the Diablo Canyon plant. At an appropriate time it will meet to consider the significance of the deficiencies found and the related corrective actions. The Subcommittee will report its findings to the ACRS including a recommendation regarding proposed ACRS action. You will be kept informed through the NRC Staff of any ACRS subcommittee or full committee meetings at which Diablo Canyon will be considered.

Attached for your information is a copy of the letter dated April 7, 1982 to Mr. David Fleischaker responding to his request that the ACRS reopen its review of the Diablo Canyon seismic design.

Sincerely,

R. F. Fraley
Executive Director
