

MAR 06 1987

DOCKET NO: 70-1151
LICENSEE: Westinghouse Electric Corporation
FACILITY: Columbia, South Carolina
SUBJECT: SAFETY EVALUATION REPORT, AMENDMENT APPLICATION
DATED SEPTEMBER 22, 1986, RE REFERENCE TO SITE
EMERGENCY PLAN

Background

The licensee is required to update the Columbia Site Emergency Plan. The subject application requests revision to the references to the updated Plan.

Discussion

The licensee has submitted a revised page (2.5-1) for the application so that the current emergency plan is referenced. The licensee has the authority to make certain modifications to the emergency plan. Modifications to the plan were reported to the NRC by separate letter dated September 18, 1986. The effectiveness of the plan was not reduced by the authorized changes.

Conclusion/Recommendation

The staff concludes that the current reference to the site emergency plan will have no adverse effect on the public health and safety or upon the environment. Approval of the application is recommended.
