STA-583, Amendment No. 12

Kerr-McGee Chemical Corporation
ATTN: Dr. John C. Stauter, Director
Nuclear Licensing and Regulation
Kerr-McGee Center
Oklahoma City, Oklahoma 73125

Gentlemen:

In accordance with your application dated August 23, 1985, and supplements dated November 12, 1985, and March 3, 1987, and pursuant to Title 10, Code of Federal Regulations, Part 40, Source Material License No. STA-583 is hereby amended to authorize the movement and use of rubble, resulting from the demolition of buildings on the factory site, to construct a road base for service roads at the West Chicago site.

This authorization is subject to the following condition:

The roadways shall be treated to prevent dusting.

All other conditions of this license shall remain the same.

A copy of the Safety Evaluation Report prepared in support of this licensing action is enclosed for your information.

If you have any questions or we can be of additional assistance, please feel free to contact Merri Horn of my staff at (301) 427-4510.
