SUBJECT: COMPLETION OF PIPING REVIEW ACTIVITIES FOR DIABLO

In addition to the actions noted in my other memo of June 29, I will need your draft SER by July 6 in the best possible form you can provide. If there remain issues outstanding at that time, please identify them.

These SERs will be provided to ACRS in anticipation of a possible ACRS review during the week of July 9-13. If this takes place many of you will be asked to attend.
