MEMORANDUM FOR: Chairman Palladino  
Commissioner Gilinsky  
Commissioner Roberts  
Commissioner Asselstine  
Commissioner Bernthal

FROM: William J. Dircks  
Executive Director for Operations

SUBJECT: DIABLO CANYON

Enclosed in response to the Secretary's limited distribution memorandum of November 4, 1983, on Diablo Canyon is the staff evaluation of items previously identified as requiring resolution. The enclosed evaluation discusses each of the 31 open items identified in Table C.8.1 of SER Supplement No. 19 and the 15 follow-up items in Table C.8.3 of that supplement. It concludes that all items designated for resolution prior to authorization of Step 1 (fuel load) have been acceptably resolved for Step 1. The evaluation also provides the basis for the staff conclusion that resolution of the remaining items can be deferred to a later time.

Since the evaluation is being furnished to the Commission in response to a limited distribution memorandum from the Secretary, the enclosed staff evaluation has not been made available publicly or to the other parties. The staff has no objection to releasing this evaluation to the parties and to the public.

(Signed) Jack W. Roe
