Division of Radiation Safety
and Safeguards

Dear Dr. Glenn:

Amendment 23 to License Number 20-01307-06 (License Renewal Application Docket Number 030-07177 and Control Number 105164) is hereby submitted in order to document the transfer of Training Source Set Number 62 from the Worcester Civil Defense Headquarters to the Massachusetts Civil Defense Agency Maintenance and Calibration Facility.

Upon completion of this transfer all training source sets will be stored within State Civil Defense Agency facilities, except for temporary storage. If permissible, we would prefer the flexibility of transferring training source sets throughout the Agency (if the need arises) - keeping detailed records in our files and eliminating the submission of additional amendments for this purpose. A list of the storage locations as of December 8, 1986 is enclosed.

Sincerely,

Robert J. Boulay
