Radiation Survey Report

Dear Sir:

I surveyed the empty "cobalt vault" to confirm the complete removal of the "cobalt" source. This was confirmed with a:

Texas Nuclear Division
Model 2592
"Cutie Pie" Ionization Chamber
and
Eberline Instruments Corporation
Model RM 14
C. M. Detector

If you have any questions concerning this survey, please call me at
(715) 839-4151.

Sincerely,

K. P. Stien, M.D.
