Dear Mr. Butler:

River Bend Station - Unit 1
Docket No. 50-458

In a letter dated June 13, 1985, Gulf States Utilities Company provided you the status of and justification for activities that were projected for completion beyond the initial loading of fuel. Construction Item No. A.10, Condenser and Normal Service Cooling Water, involves normal cooling towers three and four. Construction of normal cooling towers three and four has been completed. Testing of normal cooling towers three and four is scheduled to be completed by December 25, 1985, and January 15, 1986, respectively.

Sincerely,

J. E. Booker
