Gentlemen:

SUBJECT: EXAMINATION REPORT, Waterford 3 Steam Electric Station (W3SES)

On December 16-18, 1986 NRC administered examinations to employees of your company who had applied for licenses to operate your W3SES facility. At the conclusion of the examinations, the examination keys were provided to facility staff personnel and generic observations were discussed with those members of your staff identified in the enclosed report. Examinations were administered to eight Reactor Operator and one Senior Operator candidates. All candidates passed all parts of the examination.

Should you have any questions concerning this letter, please contact us.

Sincerely,

Original Signed By

J. Gagliardo, Chief
Reactor Projects Branch
