QA/QC Review Team Leader

Date: 10/6/'86

1. Revise Note 12 to read as follows:

"The inspector should record inspection tool code from Attachment 6.18 on the inspection checklist for those tools used in the inspection. The information is for possible future use and is not a requirement for these inspections."

2. Revise Note 33 to read as follows:

"The inspector shall ensure that torque wrenches used in inspections are properly calibrated. The serial numbers and/or calibration due dates shall be recorded on checklist."
