NAC/NMSS

in response to application XSNM03095, which involves material of Canadian origin, the Office of Arms Control and Nonproliferation has received prior consent for exports of Canadian origin material to Japan. The Agreement for Cooperation Concerning Civil Uses of Atomic Energy between Canada and the United States allows exports to Japan of natural uranium, depleted uranium, other source material, uranium enriched to less than 20% in the isotope U-235, and heavy water.
