Docket No. 50-382  
License Conditions

REFERENCE: Waterford SES Unit 3  
Facility Operating License, NPF-38

Dear Sir:

The purpose of this letter is to apprise you of the closure of commitments which are license conditions in the Waterford SES Unit 3 Facility Operating License, NPF-38.

As part of the Cycle 2 reload effort station modifications, procedures, or other actions were implemented to satisfy previously open commitments which are also license conditions in License NPF-38. These commitments are the following:

<u>Commitment</u>	<u>License Condition</u>
Broad Range Toxic Gas Detectors	2.C.4
Axial Fuel Growth	2.C.7
Smoke Detectors in Control Room	2.C.9.d
Spurious Signal Analysis Modifications	2.C.9.e
Neutron Flux Indication	2.C.9.f
Spent Fuel Storage Racks	2.C.14
Control Room Indication for Containment Isolation Valves	Attachment 1 to NPF-38

The license conditions have been satisfied in accordance with the specific provisions of each license condition, and the commitments were closed prior to startup, mode 2, in accordance with LP&L procedures.
