Subject: Errata to Supplement 1 of Proposed Change No. 131 to the Vermont Yankee Radiological Effluent Technical Specifications (RETS)

Dear Sir:

By letter, dated January 16, 1987 [Reference (f)], Vermont Yankee submitted Supplement 1 to Proposed Change No. 131. The purpose of this letter is to notify you that one of the revised Technical Specification pages enclosed with that submittal (Page 221) did not incorporate Amendment No. 95 to our license.

Accordingly, we herein request that you replace the submitted Page 221 with the enclosed Page 218 which both incorporates the Amendment No. 95 changes and corrects a typographical error.

Very truly yours,

VERMONT YANKEE NUCLEAR POWER CORPORATION
