for Administrative Services
Orono, Maine 04473

Gentlemen:

Subject: Inspection Nos. 030-11003/86-01 and 070-00341/86-01

This refers to your letter dated November 25, 1986, in response to our letter dated October 30, 1986.

With respect to your reply, you are advised that all new or revised procedures which you propose to use in your licensed program must be submitted to the USNRC, Region I Materials Licensing Section, 631 Park Avenue, King of Prussia, Pennsylvania 19406 with a request to amend your license.

Thank you for informing us of the corrective and preventive actions documented in your letter. These actions will be examined during a future inspection of your licensed program.

Your cooperation with us is appreciated.

Sincerely,

John E. Glenn

John E. Glenn, Ph.D., Chief
Nuclear Materials Safety Section B
Division of Radiation Safety
and Safeguards
