The above described changes have been evaluated and determined that they neither involve a reduction of commitments previously accepted by the Nuclear Regulatory Commission, nor do they involve a reduction of QA/QC responsibilities previously assigned to the Licensing and Assurance organization.

Should you have any questions regarding this transmittal, please contact Mr. C. H. McGilton, Manager, Operational Assurance Programs at (509) 372-5143.

Very truly yours,

G. C. Sorensen, Manager
Regulatory Programs
