Docket 50-293

Technical Specification Revision to Conform with 10CFR50.4(f)
Concerning Written Communications with the NRC

Dear Sir:

Effective January 5, 1987, the procedures for written communications with the NRC contained in 10CFR50.4 were revised to supersede and replace all existing requirements in any license conditions or technical specifications. Accordingly, the attached Revision 101 pages to the Pilgrim Nuclear Power Station (PNPS) Technical Specifications are provided to affect conformance with 10CFR50.4(f). This revision has been reviewed and approved by the Operations Review Committee.

Very truly yours,

James M. Lydon

DMV/pac
