Docket No. 50-341

The Detroit Edison Company
ATTN: B. Ralph Sylvia
Group Vice President
Nuclear Operations
6400 North Dixie Highway
Newport, MI 48166

Gentlemen:

SUBJECT: EARLY EMERGENCY RESPONDERS WORKSHOP

The Region III Office of the U.S. Nuclear Regulatory Commission is sponsoring an Early Emergency Responders Workshop on February 4-5, 1987, in Chicago, Illinois. Preceding the Workshop, from 1:00 p.m. to 5:00 p.m. on February 3, 1987, a FEMA Region V REP Conference will be held. Further information regarding the REP Conference will be provided to you by FEMA in separate correspondence.

The Early Emergency Responders Workshop, described in Enclosure 1, will bring together representatives of the States, the Department of Energy (DOE), the Environmental Protection Agency (EPA), the Federal Emergency Management Agency (FEMA), and the Nuclear Regulatory Commission (NRC) with representatives of nuclear power plants and other major licensees in NRC Region III. The purpose of the Workshop is to discuss lessons learned and current problems in the coordination and integration of emergency response efforts. Through the Workshop, we hope to promote a better understanding of our respective roles and coordination between responding organizations.

We invite you and your senior emergency response personnel to attend. We request that you limit the number of attendees at the Workshop to five. To aid us in estimating the number of attendees and making other necessary arrangements, please complete the Pre-registration Form (Enclosure 2) and return it by December 29, 1986.

A major part of the workshop will be devoted to emergency response from the licensee perspective. We ask that you identify on the attached Pre-registration Form any specific issues you believe should be covered during the Workshop.

The Workshop will be held at the Chicago Marriott O'Hare, 8535 West Higgins Road, Chicago, Illinois. It is tentatively scheduled to begin at 8:30 a.m. on February 4 and end at 4:00 p.m. on February 5. A block of rooms has been reserved and you should call (312) 693-4444 or (800) 228-9290 to make your reservations. A special room rate of \$65.00 per night has been arranged for Workshop attendees. Other area hotels are also available.

We will provide you with a detailed agenda of the program as soon as possible. We look forward to seeing you in February and believe the Workshop will present an excellent opportunity to exchange information and enhance the coordination and integration of emergency response activities.

If you need any additional information, please contact Linda L. Kers (312/790-5711) or William G. Snell (312/790-5513) of this office.

Sincerely,
