IN RESPONSE REFER
TO FOIA-86-208 AND
FOIA-86-435

Dear Ms. Garde:

This is in regard to your letter dated October 29, 1986, which you state is an "appeal" of a lack of an "acceptable" response to your Freedom of Information Act (FOIA) request FOIA-86-208, by which you requested records by letters dated March 24 and June 9, 1986.

We responded to your March 24 and June 9 letters by letters dated April 11 and August 1, 1986, respectively. Copies of these letters and additional correspondence related to this matter are enclosed. With regard to your statement that you have received no acceptable response, please note that as I indicated previously the staff needs sufficient clarification from you regarding the subject of your request to undertake any further search for records. Despite our telephone inquiry and comments in the above-referenced letters, as of this date we have not received sufficient information about a specific matter of which you may be aware and interested to enable the staff to search for records regarding any such matter. Upon receipt of such written clarification, we will be pleased to conduct a search.

In an effort to assist you in providing clarification on the specific matter in which you expressed interest, we placed three records into the Public Document Room (PDR) with our letter dated April 11, 1986. Inasmuch as you expressed no further interest in the matters covered by those records, we assume none of those matters are subject to your request. With our letter dated August 1, we placed an additional record into the PDR. At this time, we are placing one additional record into the PDR; however, the staff noted that this record, which is identified on the enclosed appendix, relates to a hoax bomb threat. In the event you have any further interest in this hoax bomb threat, please submit another FOIA request or inform us that this matter is the incident covered by FOIA-86-208.

Sincerely,

Donnie H. Grimsley, Director
Division of Rules and Records
Office of Administration
