Subject: **Docket No. 70-734; SNM-696: Revised/Corrected Letter No. 696-3128**

Reference: Asmussen, Keith E., Letter No. 696-3128 to Mr. Charles E. Gaskin, "Request for Deletion of GA's "Torrey Pines South" Land Area and Facilities Located thereon from SNM License," dated August 27, 1999

Dear Mr. Gaskin:

Unfortunately, there was a typographical error in my letter to you dated August 27, 1999 (Reference). In the second paragraph of the referenced letter, I referred to the former location of General Atomics' (GA's) Health Physics laboratory as being building number 31-1. That building number should have read "33-1." The building was correctly shown and identified on Figure 2 which was enclosed with the referenced letter.

Enclosed, you will find a revised version of the subject letter wherein the building number has been corrected. The revised letter is identified with "***(Revised September 8, 1999)***." Please replace the referenced letter with the enclosed revised letter (only the letter, and not the figures, needs to be replaced). I apologize for the inconvenience and confusion caused by this error.

If you have any questions regarding the above, please do not hesitate to contact me at (858) 455-2823.

Very Truly Yours,

Keith E. Asmussen
