Dear Dr. Murley:

DOCKET NOS. 50-272, 50-311, 50-354  
SALEM AND HOPE CREEK GENERATING STATIONS  
CONSOLIDATION OF STATION PROTECTED AREAS

My letter of September 30, 1986 outlined the project to consolidate Salem and Hope Creek Generating Stations within a single protected area, and provided a four item implementation schedule. Although three items have been completed, due to unavailability of a long-lead component and adverse weather, we will be unable to totally complete the project as scheduled. Attachment 1 is a status report and revised schedule.

If you should have any questions regarding this matter, please feel free to contact myself or P. A. Moeller (609) 339-4400.

Sincerely,

WHEN SEPARATED FROM ENCLOSURES
