SUBJECT: Request for Production of Documents

Dear Mr. Stello:

Pursuant to 10 C.F.R. § 2.744, I am enclosing a copy of a pleading by the New England Coalition on Nuclear Pollution which, inter alia, requests the production of documents in the NRC's possession that analyze or evaluate the adequacy of emergency planning for the Seabrook nuclear power plant. These documents are relevant to the issues under litigation in the Seabrook emergency planning proceeding because they bear on the question of whether the operating license application for Seabrook meets the NRC's regulatory requirements for emergency planning.

A copy of this pleading has also been served on NRC Staff counsel Sherwin Turk.

Sincerely,

Diane Curran
