Gentlemen:

SUBJECT: MEETING SUMMARY - REPORT NOS. 50-327/86-50 AND 50-328/86-50

This letter refers to the Enforcement Conference held at our request at the Region II Office on August 25, 1986. This meeting concerned activities authorized by NRC Operating License Nos. DPR-77 and DPR-79 for the Sequoyah Nuclear Facilities. The meeting related to programmatic problems associated with the Sequoyah Surveillance Program.

Our concerns about violations of regulatory requirements pertaining to the Sequoyah Surveillance Program were expressed to TVA representatives at the meeting. The items discussed at the meeting and similar items discussed during the May 30, 1986, Enforcement Conference are under consideration for escalated enforcement action. Accordingly, no notice of violation is being issued at this time. No response to these items is required. However, please be advised that the number and characterization of these violations may change as a result of further NRC review.

It is our opinion that this meeting was beneficial and has provided for a better understanding of inspection findings and enforcement issues. In accordance with Section 2.790 of NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosure will be placed in NRC's Public Document Room.

Should you have any questions concerning this matter, we will be pleased to discuss them.

Sincerely,
