[Dept. Circ. 570, 1966 Rev., Supp. No. 18]

MARYLAND NATIONAL INSURANCE CO.

Termination of Authority To Qualify as Surety on Federal Bonds

Notice is hereby given that the Certificate of Authority issued by the Secretary of the Treasury to the Maryland National Insurance Co., Bel Air, Md., under the provisions of the Act of Congress approved July 30, 1947 (6 U.S.C. 6-13), to qualify as an acceptable surety on recognizances, stipulations, bonds, and undertakings permitted or required by the laws of the United States, is hereby terminated.

Bond-approving officers of the Government should, in instances where such action is necessary, secure new bonds with acceptable sureties in lieu of bonds executed by the Maryland National Insurance Co.

Dated: April 12, 1967.

[SEAL] JOHN K. CARLOCK, Fiscal Assistant Secretary.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Survey Group 147; ES 01154]

FLORIDA

Notice of Filing of Plat of Survey

APRIL 11, 1967.

The plat of survey of lands in Mosquito Lagoon, described below, was accepted on March 31, 1966. This plat represents a retracement and reestablishment of portions of the north boundary and subdivisional lines, designed to restore the corners in their original positions according to the best available evidence; the survey of lands erroneously omitted from the original survey; and, the survey of thirteen islands. The plat will be officially filed effective at 10 a.m. on May 15, 1967.

The lands are described as:

- TALLAHASSEE MERIDIAN, FLORIDA
T. 20 S., R. 36 E.,
Sec. 5, lots 2 and 3;
Sec. 9, lots 3, 4 and 5;
Sec. 15, lots 3 and 4;
Sec. 16, lots 2 and 3; and
Thirteen islands designated as Tracts 1 to 13, inclusive.

The areas described aggregate 629.34 acres.

The character of these lands indicates that they were in existence when Florida

was admitted to the Union. They are, therefore, held to be public lands. The elevation of the omitted lands and the islands surveyed is less than 5 feet above mean sea level. The major portion of each new legal subdivision is wet and unfit for cultivation. The lands are determined to be more than 50 percent swamp in character within the meaning of the Swamp Land Act of September 28, 1850, and title thereto inured to the State of Florida under that Act. The lands are therefore not subject to any other form of leasing or disposal.

All inquiries relating to the lands should be sent to the Manager, Eastern States Land Office, Bureau of Land Management, 7981 Eastern Avenue, Silver Spring, Md. 20910.

DORIS A. KOIVULA, Manager, Land Office.

ATOMIC ENERGY COMMISSION

AGREEMENT BETWEEN AEC AND ARIZONA

Discontinuance of Certain Commission Regulatory Authority and Responsibility

Notice is hereby given that Chairman Glenn T. Seaborg, on behalf of the Atomic Energy Commission and the Honorable Jack Williams, Governor of the State of Arizona, have signed the Agreement below for discontinuance of certain Commission regulatory authority. The Agreement is published in accordance with the requirements of Public Law 86-373 (sec. 274 of the Atomic Energy Act of 1954, as amended). The exemptions from the licensing requirements of Chapters 6, 7, and 8 of the Atomic Energy Act are contained in Part 150 of the Commission's regulations (10 CFR Part 150) which was published in FEDERAL REGISTER issuances of February 14, 1962, 27 F.R. 1351; September 22, 1965, 30 F.R. 12069; and March 19, 1966, 31 F.R. 4668.

Dated at Germantown, Md., this 13th day of April 1967.

For the Atomic Energy Commission.

W. B. McCool, Secretary.

Agreement Between the United States Atomic Energy Commission and the State of Arizona for Discontinuance of Certain Commission Regulatory Authority and Responsibility Within the State Pursuant to Section 274 of the Atomic Energy Act of 1954, as Amended

Whereas, The U.S. Atomic Energy Commission (hereinafter referred to as the Commission) is authorized under section 274 of the Atomic Energy Act of 1954, as amended, (hereinafter referred to as the Act), to enter into agreements with the Governor of any State providing for discontinuance of the

regulatory authority of the Commission within the State under Chapters 6, 7, and 8, and section 161 of the Act with respect to byproduct materials, source materials, and special nuclear materials in quantities not sufficient to form a critical mass; and

Whereas, The Governor of the State of Arizona is authorized under Chapter 4, Title 30 of the Arizona Revised Statutes to enter into this Agreement with the Commission; and

Whereas, The Governor of the State of Arizona certified on January 20, 1967, that the State of Arizona (hereinafter referred to as the State) has a program for the control of radiation hazards adequate to protect the public health and safety with respect to the materials within the State covered by this Agreement, and that the State desires to assume regulatory responsibility for such materials; and

Whereas, The Commission found on March 22, 1967, that the program of the State for the regulation of the materials covered by this Agreement is compatible with the Commission's program for the regulation of such materials and is adequate to protect the public health and safety; and

Whereas, The State and the Commission recognize the desirability and importance of cooperation between the Commission and the State in the formulation of standards for protection against hazards of radiation and in assuring that State and Commission programs for protection against hazards of radiation will be coordinated and compatible; and

Whereas, The Commission and the State recognize the desirability of reciprocal recognition of licenses and exemption from licensing of those materials subject to this Agreement; and

Whereas, This Agreement is entered into pursuant to the provisions of the Atomic Energy Act of 1954, as amended;

Now, therefore, it is hereby agreed between the Commission and the Governor of the State, acting in behalf of the State, as follows:

Article I. Subject to the exceptions provided in Articles II, III, and IV, the Commission shall discontinue, as of the effective date of this Agreement, the regulatory authority of the Commission in the State under Chapters 6, 7, and 8, and section 161 of the Act with respect to the following materials:

- A. Byproduct materials;
B. Source materials; and
C. Special nuclear materials in quantities not sufficient to form a critical mass.

Article II. This Agreement does not provide for discontinuance of any authority and the Commission shall retain authority and responsibility with respect to regulation of:

- A. The construction and operation of any production or utilization facility;
B. The export from or import into the United States of byproduct, source, or special nuclear material, or of any production or utilization facility;
C. The disposal into the ocean or sea of byproduct, source, or special nuclear waste materials as defined in regulations or orders of the Commission;

D. The disposal of such other byproduct, source, or special nuclear material as the Commission from time to time determines by regulation or order should, because of the hazards or potential hazards thereof, not be so disposed of without a license from the Commission.

8608220332 860807 PDR FOIA HAGERTY86-577 PDR

Article III. Notwithstanding this Agreement, the Commission may from time to time by rule, regulation, or order, require that the manufacturer, processor, or producer of any equipment, device, commodity, or other product containing source, byproduct, or special nuclear material shall not transfer possession or control of such product except pursuant to a license or an exemption from licensing issued by the Commission.

Article IV. This Agreement shall not affect the authority of the Commission under subsection 161 b. or l. of the Act to issue rules, regulations, or orders to protect the common defense and security, to protect restricted data or to guard against the loss or diversion of special nuclear material.

Article V. The Commission will use its best efforts to cooperate with the State and other agreement States in the formulation of standards and regulatory programs of the State and the Commission for protection against hazards of radiation and to assure that State and Commission programs for protection against hazards of radiation will be coordinated and compatible. The State will use its best efforts to cooperate with the Commission and other agreement States in the formulation of standards and regulatory programs of the State and the Commission for protection against hazards of radiation and to assure that the State's program will continue to be compatible with the program of the Commission for the regulation of like materials. The State and the Commission will use their best efforts to keep each other informed of proposed changes in their respective rules and regulations and licensing, inspection and enforcement policies and criteria, and to obtain the comments and assistance of the other party thereon.

Article VI. The Commission and the State agree that it is desirable to provide for reciprocal recognition of licenses for the materials listed in Article I licensed by the other party or by any agreement State. Accordingly, the Commission and the State agree to use their best efforts to develop appropriate rules, regulations, and procedures by which such reciprocity will be accorded.

Article VII. The Commission, upon its own initiative after reasonable notice and opportunity for hearing to the State, or upon request of the Governor of the State, may terminate or suspend this Agreement and reassert the licensing and regulatory authority vested in it under the Act if the Commission finds that such termination or suspension is required to protect the public health and safety.

Article VIII. This Agreement shall become effective on May 15, 1967, and shall remain in effect unless, and until such time as it is terminated pursuant to Article VII.

Done at Phoenix, State of Arizona, in triplicate, this 30th day of March 1967.

For the U.S. Atomic Energy Commission.

[SEAL]

GLENN T. SEABORG,
Chairman.

For the State of Arizona.

[SEAL]

JACK WILLIAMS,
Governor.

BUREAU OF THE BUDGET

TENNESSEE VALLEY AUTHORITY

Order Transferring Use, Possession, and Control of Certain Lands From Atomic Energy Commission

By virtue of the authority vested in the President of the United States by section

7(b) of the Tennessee Valley Authority Act of 1933 (16 U.S.C. 831f(b)), and delegated to the Director of the Bureau of the Budget by section 1(15) of Executive Order No. 11230 of June 28, 1965, it is ordered that the use, possession, and control of the land hereinafter described be, and it is hereby, transferred from the Atomic Energy Commission to the Tennessee Valley Authority for public recreation development and use, such transfer being deemed necessary and proper for the purposes of TVA as stated in the Tennessee Valley Authority Act of 1933, as amended:

That certain tract of land designated on TVA land records as tract MHR-5, the said land being described as follows:

Land known as the Haw Ridge Area lying in the First Civil District of Anderson County, State of Tennessee, on the north and west shores of Melton Hill Lake, extending from the old Edgemoor Bridge down the lake for a distance of approximately 3 miles, and being more particularly described as follows:

Beginning at a point (Coordinates: N. 594.696; E. 2,543.119) where the 800-foot contour on the west shore of Melton Hill Lake intersects the centerline of the old Edgemoor Road, a corner of the lands previously acquired in fee by the Tennessee Valley Authority from the U.S. Atomic Energy Commission under the designations of Tracts Nos. MHR-1 and MHR-4; thence with the line of the said Tract No. MHR-4 and with the 800-foot contour as it meanders down the lake in a general southerly direction and subsequently in a general westerly direction to a point which is opposite and approximately 25 feet southeast of survey station 12+00 on the surveyed centerline of the relocated Scarboro-Edgemoor Road; thence with a severance line N. 31°35' W., approximately 25 feet to a point in the centerline of the relocated Scarboro-Edgemoor Road at the said survey station 12+00; thence with the centerline of the road as it meanders in a northeasterly direction approximately 3,860 feet to a point; thence, leaving the road, S. 85°15' E., 1,803 feet to a point; thence N. 38°44' E., 1,480 feet to a point; thence N. 0°01' W., 1,337 feet to a point in the southeast line of the right-of-way for the old Edgemoor Road; thence with the said right-of-way line, a line 30 feet southeast of and parallel to the centerline of the old Edgemoor Road, in a southwesterly direction approximately 1,600 feet to a point in the southeast line of the right-of-way for the present Scarboro-Edgemoor Road; thence with the southeast line of the right-of-way for the present Scarboro-Edgemoor Road, a line 60 feet southeast of and parallel to the centerline of the present Scarboro-Edgemoor Road, N. 38°18' E., 300 feet to a point, a corner to the previously mentioned Tract No. MHR-1; thence with the line of the said Tract No. MHR-1, leaving the road right-of-way line, S. 51°42' E., 63 feet to a point in the northwest line of the right-of-way for the old Edgemoor Road; thence with the northwest line of the right-of-way for the old Edgemoor Road, a line 30 feet northwest of and parallel to the centerline of the old Edgemoor Road, in a northeasterly direction approximately 2,750 feet to a point; thence with a severance line, leaving the right-of-way line, S. 27°40' E., 610 feet to a point; thence N. 74°41' E., 973 feet to a point; thence N. 24°28' E., 567 feet to a point; thence N. 35°13' W., 118 feet to a point in the northwest line of the right-of-way for the old Edgemoor Road and in the boundary of the previously mentioned Tract No. MHR-1; thence with the line of the said Tract No. MHR-1 and with the said right-of-way line, a line 30

feet northwest of and parallel to the centerline of the old Edgemoor Road, as it meanders in a northeasterly direction approximately 550 feet to a point; thence, leaving the right-of-way line, N. 36°45' W., 242 feet to a point; thence N. 8°05' W., 189 feet to a point; thence N. 83°04' E., 195 feet to a point; thence S. 29°58' E., 210 feet to a point; thence S. 21°05' E., 202 feet to a point in the centerline of the old Edgemoor Road; thence with the centerline of the old Edgemoor Road in a northeasterly direction approximately 26 feet to the point of beginning. Also a strip of land 60 feet wide, lying 30 feet on each side of the centerline of the old Edgemoor Road, and extending from that course identified in the above metes and bounds description by a bearing and distance of S. 27°40' E., 610 feet in an easterly direction for a distance of approximately 1,480 feet to that course identified above by a bearing and distance of N. 35°13' W., 118 feet.

The land as described above contains a total of 778 acres, more or less.

The directions of lines are referred to the Tennessee Coordinate System.

Such transfer is made subject to:

(1) Such rights as may be vested in the county to rights-of-way for roads.

(2) Such rights as may be vested in third parties to rights-of-way for electric power distribution lines and telephone lines.

(3) Rights of access reserved to the Atomic Energy Commission over the old Edgemoor Road until such time as said road is taken over by a public agency for use as a public road.

CHARLES L. SCHULTZE,
Director of the
Bureau of the Budget.
