Dear Ms. Vacherlon:

As we discussed in our 4 August 1986 telephone conversation, this letter is to identify a change in mailing address for the following U.S. Nuclear Regulatory Commission Licenses:

Source Material License	SUB-971
Source Material License	SUB-1430
Byproduct Material License	22-01870-19
Byproduct Material License	22-14386-01

All correspondences with regard to these licenses should be addressed to:

Honeywell, Inc. - Defense Systems Division
5640 Smetana Drive, MN04-1345
Minnetonka, Minnesota 55343

The place of use identified for all of the above described licenses should remain the same and this letter should reflect a mailing address change only.

Also, as indicated in our telephone conversation, I have attached a copy of our 31 March 1986 letter for your file identifying this address change for Byproduct Material License 22-01870-19. Your assistance with the above changes is greatly appreciated.

Sincerely,

HONEYWELL, INC.
