RE: Docket No. 030-20720
License No. 37-20686-01
Inspection # 87-01

Dear Sir:

In response to your notice dated April 13, 1987, regarding inspection # 87-01 conducted by Mr. R. H. Ledun on February 24 of this year, we hereby submit for your approval the following measures we have taken to correct the problem you referred to.

Item # 1 - The corrective steps taken and the results achieved:

Mr. Timothy P. Olson and Mr. Melvyn D. Wingard have completed the Troxler Electronic Laboratories, Inc. training course for the use of Nuclear Testing Equipment and are now certified to operate the nuclear gauge.

Item # 2 - The corrective steps which will be taken to avoid further violattions:

Mr. Timothy P. Olson has been designated as Radiation Safety Officer for our firm. As such it will be his duty to keep abreast of all rules and regulations set forth by the NRC and to make sure all related work done by our firm and others working for us meets with the regulations set forth by the NRC.

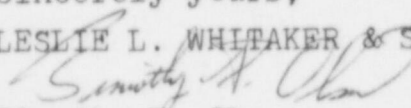

Item # 3 - The date when full compliance will be achieved:

Immediately

We hope these steps are satisfactory and should there be any other problems we assure you they will be taken care of as soon as they are brought to our attention. We are making every effort to make sure our firm remains in compliance with the standards set forth by the NRC.

Sincerely yours,

LESLIE L. WHITAKER & SON
