Enclosed is Amendment No. 01 renewing your NRC License No. 12-24689-01 in accordance with your request.

Please note that because your license did not require a renewal at this time, Item 4. (expiration date) has not been changed. Therefore, you are required to renew your license in accordance with the existing expiration date of April 30, 1990.

Condition 16. addresses installation, replacement, maintenance, and repair of sealed sources contained in your devices. If you wish to change or delete this condition, please submit both precautions and procedures for performing services on these devices, and the training and experience of persons who will perform such services on the devices.

Please review your license carefully to assure that you understand and are in compliance with the terms and conditions contained therein. If you have questions, please contact our office at (312) 790-5625.

Sincerely,

Original Signed By
