Danvers, MA 01923

65 MAR 31 10:18

Dear Sir:

Please find enclosed NRC form 314 and attached documents as required in 10 CFR 30.36.

An independent post-disposal survey was conducted by Dr. Shipiro of Harvard University. He indicated verbally that the areas of past radioactive materials packaging & storage were not contaminated. A copy of his final report will be sent - referencing our License STB-180 - upon receipt.

Thank you,

Colleen B. Murphy
