RE: License No. 13-15734-01
Control No. 76786

Dear Ms. Vacherlon:

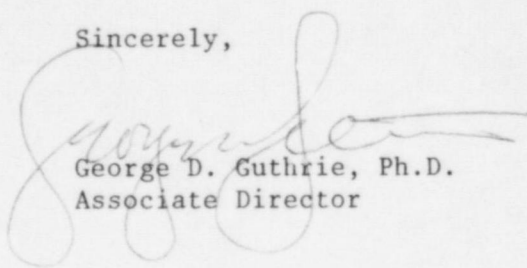

On May 11, 1984, we submitted our license renewal application to you and have not received the actual renewal as yet. We did receive your August 18, 1984 letter stating our application is "deemed timely filed;" that our license will not expire until final action is taken. On August 6, 1985, my secretary called and was told by Chris Murphy that the agency was months behind in renewal applications.

In response to our vendors repeated inquiries as to our renewal authorization, we have had to tell them it is "deemed timely filed."

We would like to know the status of our renewal application at this point, as it included requests for some changes that were not in our Amendment #4 which was received August 3, 1984.

If there are any questions, please feel free to call me.

Sincerely,

George D. Guthrie, Ph.D.
Associate Director
