Director of Engineering
P. O. Box 9
St. Peters, MO 63376

Gentlemen:

We have reviewed your letter dated June 30, 1986 requesting an amendment to your NRC License No. 24-20326-01 and find that we will need additional information as follows:

1. Please submit a copy of Mr. David J. Bear's certificate of completion from the Campbell Pacific Nuclear Corporation's training course for portable gauge users.
2. Please describe the training Mr. Bear has received regarding his duties as the radiation protection officer. This instruction should include proper leak test procedures for the gauges and his responsibilities in case of an emergency. Also, please specify whether or not Mr. Bear received any of this instruction from your previous radiation protection officer, Kenneth Gambaro. Be advised that the individual designated as the Radiation Protection Officer (RPO) should be thoroughly trained regarding their duties and responsibilities as the RPO.

If you have any questions or require clarification on any of the information stated above, you may contact us at (312) 790-5625.

We will continue our review of your application upon receipt of this information. Please reply in duplicate, within 30 days, and refer to Control Number 81631.

Sincerely,

Original Signed By
