Gentlemen:

This letter refers to the training of individuals mentioned in my letter of 6-12-86.

On 6-12-86 Raymond A. Parsons, Senior Field Engineer, with Kay Ray Inc. came to the Missouri City Plant to instruct our personnel. The persons attending this class were Cloyd Allen, Acting Plant Superintendent, Mickey Kinney, Controls Supervisor, Richard Lathrom, Electrician, Jack O'Hare, Pneumatics Technician, Mike Thompson, Mechanic.

Cloyd Allen will be the Radiation Protection Officer.

We hope that this will bring us into full compliance. If there is a problem let me know and it will be corrected as soon as possible.

Sincerely,

Robert G. Badder
Power Production Manager
