FREEDOM OF INFORMATION  
ACT REQUEST

FOIA-85-777

Rec'd 11-26-85

Mr. James Felton, Director  
Division of Rules and Records  
Office of Administration  
U.S. Nuclear Regulatory Commission  
Washington D.C. 20555

Dear Mr. Felton:

This is a request under the Freedom of Information Act, as amended (5 U.S.C. §552).

I would like to obtain any and all documents pertaining to the investigation of harassment and intimidation allegations by Comstock Quality Control inspectors (Inspection Report 50-456/85021, 50-457/85022). This request includes but is not limited to any and all notes, correspondence, memoranda, drafts or other documents in the possession or control of Mr. R. Mendez and Mr. J.H. Neisler and others involved in Inspection 50-456/85021/50-457/85022 conducted by NRC Region III at the Braidwood nuclear station.

I am one of the attorneys for Business and Professional People for the Public Interest ("BPI"). We are currently involved in the Braidwood operating license proceeding before the Nuclear Regulatory Commission.

We are prepared to pay reasonable costs for reproducing the requested materials. However, the Act does provide that you may reduce or waive the fees if doing so "is in the public interest because furnishing the information can be considered as primarily benefitting the public." I believe this request fits that category, and therefore request that you waive any fees.
