FEMA NOTICE OF AVAILABILITY OF REVIEW OF REVISIONS 7 AND 8

FEMA Counsel has been informed that FEMA Headquarters will transmit the FEMA review of Revisions 7 and 8 of the LILCO off-site emergency plan to NRC on December 31, 1986. Copies of transmittals from Headquarters to FEMA Region II are hereby served on all parties.

Respectfully submitted,

*William R. Cumming*

DEC 17 1986

MEMORANDUM FOR: Norman Steinlauf  
Acting Regional Director  
FEMA Region II (New York)

FROM: *DM* Dave McLoughlin  
Deputy Associate Director  
State and Local Programs and Support

SUBJECT: Review of Revisions 7 and 8 of the LILCO Transition  
Plan for the Shoreham Nuclear Power Station

This is to give FEMA Region II an extension, until December 22, 1986, for the delivery to FEMA Headquarters of the review of Revisions 7 and 8 of the Long Island Lighting Company (LILCO) Transition Plan for the Shoreham Nuclear Power Station, and LILCO's responses to the FEMA exercise report on the February 13, 1986 exercise at Shoreham. The original request for a review of these documents by the full Regional Assistance Committee was made in my October 6, 1986 memorandum to you (attached).

OCT 6 1986

MEMORANDUM FOR: Norman Steinlauf  
Acting Regional Director  
FEMA Region II (New York)

FROM:  Dave McLoughlin  
Deputy Associate Director  
State and Local Programs  
and Support

SUBJECT: Review of the Long Island Lighting Company (LILCO)  
Transition Plan and LILCO Responses to the FEMA Exercise  
Report

This is to request that your office conduct a full Regional Assistance Committee (RAC) review of Revisions 7 and 8 of the LILCO Transition Plan and of LILCO's responses to FEMA's assessment of the February 13, 1986 exercise of Revision 6 of that plan. In performing this review, the RAC may have to assume, pending final resolution of the issue in the courts, that the authority necessary to manage and implement the offsite plan exists. Please verify any other assumptions, if any, that the RAC makes during this review process.

As you are aware, the Nuclear Regulatory Commission (NRC) invoked Section II.4 of the November 1, 1980 NRC/FEMA Memorandum of Understanding (MOU) on June 1, 1983, by requesting that FEMA conduct a review of five different plans prepared by LILCO. This request was later modified to pertain only to the LILCO Transition Plan and its revisions. On July 16, 1986, FEMA received a request from NRC, copy attached, to conduct a review of Revision 7 of the Transition Plan and of LILCO's responses to FEMA's assessment of the February 13, 1986 exercise of Revision 6 of that plan. On October 6, 1986, FEMA received an NRC request, copy attached, to include Revision 8 in its review. It is our understanding, based on information from your staff, that copies of these documents have already been delivered to the Region II office and to the RAC members.

Based on recent conversations between our staffs, we will inform NRC that FEMA can provide a review by December 15, 1986. In order that we may comply with this delivery date, we will need the FEMA Region II report of the results of the RAC review by December 8, 1986.

If you have any questions, please feel free to call me.
