Re: Turkey Point Units 3 and 4
Docket Nos. 50-250 and 50-251
IE Bulletin 86-02

Dear Dr. Grace:

We have reviewed IE Bulletin 86-02 (Static "O" Ring Differential Pressure Switches) as it applies to Turkey Point Units 3 and 4. We have performed an inspection to determine the extent to which SOR Series 102 and 103 differential pressure switches are installed at Turkey Point. The search has indicated that SOR series 102 or 103 differential pressure switches are not used in safety related or quality related (important to safety) applications at Turkey Point.

Should you or your staff have any questions on this information, please contact us.

Very truly yours,

C. O. Woody
Group Vice President
Nuclear Energy
