Medford, New York 11763

Dear Mr. and Mrs. Romaine:

Thank you for your letter of December 26, 1984, which has been referred to me for reply. In it, you requested the Commission to offer representatives of Suffolk County an opportunity to orally present their arguments to the Commission concerning Shoreham low-power testing. The Commission heard the County's views, and those of the State of New York, LILCO, and the NRC staff on February 8, 1985.

Sincerely,

*Herzel H. E. Plaine*
